### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Henry Bartony on April 30, 2007.

The application has been amended as follows:

In claim 1, line 14, the language "the working surface having sufficient surface area to provide for positioning" has been deleted and replaced with --whereby--.

In claim 1, line 15, --are positioned—has been inserted between "the moveable elements" and "around at least a portion".

The following is an examiner's statement of reasons for allowance: The newly added language pertaining to positioning the pieces around a perimeter of the surface such that they can be slid to form an equation is not disclosed or suggested by the prior art, and places the claims in condition for allowance. The invention is a device adapted for use by Braille students, and this feature, in combination with the abutment boundary and the Braille markings on the elements, has practical utility in that it more easily enables a visually impaired person to manipulate the elements to form mathematical expressions. While Olivera discloses the storage of elements around a perimeter of a

work surface when not in use, the storage compartments of Olivera do not allow for sliding an element from its location to the middle to form a mathematical expression, nor is there any suggestion or motivation to modify the teachings of Olivera to provide this feature without using impermissible hindsight. As a result, the claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kurt Fernstrom whose telephone number is (571) 272-4422. The examiner can normally be reached on M-F 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gene Kim can be reached on 571 272-4463. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
